

BACK BY POPULAR DEMAND!

Heli Taxi Service to Mt Hutt Ski Field - From only \$85pp*!

In partnership with Mt Hutt Helicopters, Terrace Downs will again provide a Heli-Taxi service between the resort and the car park at the Mt Hutt Ski Area from just \$85pp* each way.

Forget the usual 50-minute drive up the mountain from Terrace Downs - with the Heli-Taxi service you will escape the hassle of chains and beat the mountain traffic. The scenic trip takes approximately seven minutes by helicopter!

The service is available to both in-house guests and Park'n'Ride visitors, 7 days a week with the service departing Terrace Downs at 8:30am. Return flights commence at 3:15pm. Subject to the following conditions:

***Conditions:**

- \$85pp each way (\$170pp return) pricing is strictly based on full loads of 6 people (excl. pilot) each way (the squirrel helicopter seats 6 people at a time).
- Children under 4 can be lapped and travel for free as long as there is a full paying load. All children over 4 must legally have their own seat and seat belt, so therefore pay full price.
- Season dates and times - The heli-taxi will operate in the ski season from June to October on any good weather day from 8.30pm, returning from 3.15pm as long as there are 6 people or the people travelling pay the difference in price (see table below):

No. of people	\$ per person return	\$ per person one way
1	\$1,020.00	\$510.00
2	\$510.00	\$255.00
3	\$340.00	\$170.00
4	\$255.00	\$127.50
5	\$204.00	\$102.00
6	\$170.00	\$85.00

Additional Information:

- The helicopter is fitted with a ski pod to carry ski gear etc
- Passengers will be given a full safety briefing before boarding the helicopter
- Bookings and payment are to be made at Terrace Downs – via the front desk, Tel. +64 (0)3 318 6943 Ext 1, or email reservations@terracedowns.co.nz

- Mt Hutt lifts open at 9am and the mountain closes at 4pm. Heli-taxis start from 8.30am and return from 3.15pm.
- Please be aware of the weather. The Heli-taxi will not operate in high wind or when mountain is clouded in. NOTE: The weather on Mt Hutt can change at very short notice. There maybe times when we can fly up in the morning but unable to get guests down at the end of the day – it is up to the pilot to determine if it is safe to fly. In this case the passengers will descend the mountain by bus / coach. Costs apply.

Bookings are essential for the Heli-Taxi service, and we strongly recommend you book at least the day prior to traveling.
